General:

The LOSSA Championship Season will take place from the end of April until the beginning of June.

League Format:

The league will be divided into a tiered system. This system will be put in place at the February meeting.

TIER I

Tier I will consist of any team interested in playing at this level at the March/April league meeting. Each team will play a home and home double-header against teams within Tier 1.

TIER II

Tier II will consist of any team interested in playing at this level at the March/April league meeting.

The Tier II format will be reviewed at the league meeting.

TIER III

There is a possibility of a third tier. This will be discussed further at the league meeting in March/April. The Tier III format will be reviewed at the league meeting. (Should Tier III be in existence for next season).

Playoff Calculations:

1. After the last league game, the standings will be tabulated. Scores called in after 8:00pm that evening will not be included in the final standings.
2. All league games must be completed before the playoffs begin.
3. Ties in the final standings will be broken down as follows: NOTE: In the case of more than one team being tied then if a single winner or a single loser is declared, leaving the other teams tied, the remaining teams revert to "a".
 - a) The winner of the head to head game between the two teams takes the higher standing (if only two teams are tied)
 - b) The team with the most wins in all common games played between the tied teams takes the higher standing. (If more than two teams are tied)
 - c) The team with the least runs allowed in the head to head games of the tied team(s).
 - d) The team with the least runs allowed in all league games.
 - e) The team with the higher run differential in all games played takes the higher standing. No game differential can be more than 10 runs.
 - f) If "a" through "c" are tied, then the Convenor will flip a coin and the call will be made by the Coach of the team whose school name has the higher alphabetical listing. The winner of the call will take the higher standing. In case of a three-way tie, a 3-way flip with the odd man in the flip taking the lowest standing.

Once the three-way tie is broken, leaving two teams still tied, the tiebreakers revert to "a".
